

# Ulisse Enhanced PTZ 2 Series

## Flexible Illumination Options

The Ulisse Enhanced PTZ 2 Series is a camera for mission-critical applications. This security camera is built to withstand most outdoor environments while maintaining continuous clear, high-resolution live and recorded video. Its flexible illumination options provide outstanding image clarity in any lighting condition, delivering exceptional forensic detail and powerful deterrent capabilities. The Ulisse Enhanced PTZ 2 Series is built with Smart Analytics, powered by Motorola Solutions, equipped with ONVIF Profile S, G, T and M, and is NDAA-compliant, allowing for open connectivity with Pelco VideoXpert and leading partner VMS'.

Built for industrial applications, the Ulisse Enhanced PTZ 2 Series is the perfect solution for monitoring cities, ports, manufacturing plants and enterprise facilities.

### Outdoor-ready

Safely operate within a wide temperature range from -40°C to 65°C (-40°F to 158°F), combined with IP66 and Type 4X ingress protection.

### Low Light Technology

Offers excellent image detail in low-light settings.

### H.264, H.265, Smart Compression

Retains high image quality and optimizes compression levels to minimize bandwidth and storage needs.

### ONVIF® Conformant

ONVIF Profile S, G, T and M conformance for easy integration with any third-party VMS.

### Choice of Illumination

Choose between a long range of IR illumination or a combination of IR and white light illumination.

### True Wide Dynamic Range

Captures high-quality image details in scenes with both dark and light backgrounds.

### Pelco Smart Analytics

Powered by Motorola Solutions. Enhanced object detection and classification for quicker, decisive responses.

### Peace of Mind

We back these cameras with a 3-year warranty, extendable to 5 years.
